DATA SECURITY POLICY

Document nr.: 122.5 rev0

At GAZİ METAL, we regard the protection of the confidentiality, integrity and availability of our information assets, the effective management of information security risks and the development of an information security culture as one of our fundamental responsibilities; we therefore adopt the following principles to ensure reliable and sustainable information management:

We undertake

- to safeguard the confidentiality, integrity and availability of information assets,
- to continuously improve the effectiveness of the Information Security Management System by regularly reviewing it,
- to carry out risk assessment activities relating to information security and undertake the necessary measures to reduce the associated risks to an acceptable level,
- to comply with the relevant legal, regulatory and contractual obligations,
- to support our employees' levels of awareness regarding information security through the necessary training,
- to ensure that information security incidents are reported in a timely manner, investigated and that the necessary action is taken,
- to support business continuity and disaster recovery efforts with a view to ensuring the continuity of critical information assets,
- to ensure the security of information shared with suppliers, contractors and other relevant parties, and manage third-party information security risks,
- to protect our information systems, network infrastructure and digital assets against cyber threats, unauthorised access, data loss and information security breaches,
- to fulfil our legal obligations regarding the protection of personal data and to comply with the relevant legislation, in particular the Law on the Protection of Personal Data (KVKK),

In this regard, we are committed to continuing our operations by ensuring the protection of our information assets, the effective management of information security risks, compliance with legal and contractual obligations, and the continuous improvement of the effectiveness of our Information Security Management System.

24.06.2026

Chairman of the Board

Mustafa GAZİOĞLU
